Welcome to Universal Law Community Trust

We have grown in strength and numbers over the last four years due to the terrible conditions people of our communities, whatever pay grade you are on, have had to experience in some degree or other.

As the knowledge about how we have been enslaved by corporations became widespread millions of people assigned their consent away from such corporations and gave it to Universal Law instead.

This gives us the authority that was once presumed by the corporations as theirs and by assigning it meant that the Authorities had no consent authorised by the people.

Slowly at first the people began to realise that a corporation needed a contract to claim a liability against you and began asking where is this contract supposed to have consented to that means these corporations can claim I owe them money.

As the momentum grew and more people began to question what this definition of authority is, it became undeniable that it was actually a slavery system we were all unknowingly agreeing to and it all came from using what we thought is our name.

The short story is they copyrighted your name through the Birth Certificate registration process.

If you use something that is not yours you are committing fraud

Did you copyright your own name ?

No so whos is it ?

Not yours

So why are you using it ?

Because you did not know and were not told.

Okay so now you know

What to do about it ?

Stop using it

How will I live ?

That's what we are here to show you... you will live Free from state slavery first.

You have all your rights and shares of this planet now back in your hands waiting for you to put to the right use, with your right of use of it back where it should be, being invested in healthy organic food, natural remedies instead of pharmaceuticals and free and clean energy instead of petrol chemicals.

All of us who have been taught to believe in GOD now see that the GOD we have been celebrating is GOLD OIL and DRUGS in various forms.

We have a different definition of a New World Order and it is built on love in a currency of Kindness and truth and honor to Universal Law

So who are we

We are you

We are people who have had enough of allowing barely trained monkeys roles of executing orders and making decisions that effect everyone of us directly on some level. We are a community of people that trust in Universal Law and that left to allow that Law to be president in our lives peae and harmony has a place to flourish.

Why would we do that ?

Because what other option is there .. ? The same as what we have witnessed while we support our own slavery, enslaving others as we do so.

How can we do that ?

Well its already done

On the 24th February 2020 a debt was levied / charged against HM GOVERNMENT by Universal Law Community Trust for in excess of 10 quadrillion slave tokens (pounds) but as we do not use their money in our transactions and we use Kindness Credits (represented by rocks) we claimed back one rock as collateral for the debt.

Which rock ?

Planet Earth and all its resources away from the parasites who held your resources from you and toxified them and sold them back to you.

How does this effect me ?

Well now that is the biggest question of all

How would you like it to matter to you?

This is about you having real choice for the first time in your life and to secure the potential mindless choices from causing chaos we have some rather beautiful built in security. Kindness Credits can not be used to invest in war terror, toxins.. you can not buy shit with our currency.. therefore you can not invest / credit corporations that would kill you with their products... You can not buy Coca Cola with Kindness because they only want slave tokens and your ill health.

You can not go and support your local toxic supermarket that is pumping you full of
GMO

You can not buy petrol chemical pharmaceuticals with them

What will I eat ?

You will eat Organic food.

How will I afford it ?

Well this is why you have this letter.

Because of the process we have removed the funidng of terrorism that you were unknowingly supporting through paying council tax to the corporations who then went and took your payment as an acceptance to their investements in your name in Halliburton via Credit Suisse to make weapons and war with.

Your new liability holder at your address is our legal fiction

Minister EMOVEN

Minister EMOVEN has replaced you for the charges at your property since 30/05/2020 and the charges you were once having to pay have now been assigned to Universal Law Community Trust

A bill will arrive at the property shortly and it will be addressed to Minister EMOVEN please cross out the address on the bill and put deliver to The Suites 125 HOLME STREET HALIFAX HX7 8AA

And we will discharge the charges upon proof of claim.

This is called Surety and we are standing surety in our communitites to prevent further theft, fraud and money laundering while causing loss harm and damage to people in the name of what is legal.

Legal is unlawful as it requires you to commit fraud to initate it...

It all begins or ends with you using that name you think is yours.

You will be visited by one of our Minister EMOVEN's who will be doing a saftery check in your area. Your property will have a free EMF scan to detect harmful radiation exposure. As your gas and electricity and water shares are back in your hands now you can have Kindness Credit meters so you pay no charges for what is already yours. We keep all this operating such as the roads being kept and the pipes being maintained by the people who have been involved in this project giving their 5 hours a week of their skills and service to their community instead of the corporations having their energy. No one pays for these services the exchange is clean energy and is done by us putting our energy into an online energy exchange where you take out what you need in return for you giving 5 hours of your time, experience or use of an asset you may like to see something good be created from such as a house or a shop or a piece of land.

The slave tokens (cash) that is still in circulation that you are not giving for the rights of use of the things you already own go to support the organic supply of food for your family, you can invest in young engineers making free energy devices instead and help create something you want to see instead of creating what is being projected onto you.

So please join, or create your own Organic Supporters group.

Simply add how many people in your family you need to feed each week with fruit and veg to start with and we will organise you a drop off point called Kindness Credit Outlet this replaces the supermarkets. Here you will aslo be able to organise tuition for children and adults alike, connect to people who are likeminded and free and build the real world we all want to see and be free to be able to do it.

As for the paperwork that is all automated inside your online credit account. Paper evidence will shortly be obsolete and our word will be our oath once more as we loose the liability mind that we inherit with the debt we inherit from the previous generations and we draw a line now and quit the practice of slavery.

So with that in mind we are notifying you that your address now has its council tax liability stood surety to by Universal Law Community Trust and this is the first part for you to free yourself from the rest of the corporations grasp of your energy converted into financial slavery.

You can go onto our website www.universallawcommunitytrust.com and send us over any other accounts you would like the trust to make obsolete for you and tell us what you would like your five hours to be that you give in return.

Our electronic information is encrypted so you will need a proton email account to receive all your log in details with, add that in the contact us box at the bottom of the home page of the website and we will send you everything you need to complete the Whole Package of you securing your assets , reserving your rights and protecting your family.

With much love and kindness we invite your questions and quieries and we return our answers with love and respect whoever or wahtever you claim to be.
