ASSIGNMENT OF CONSENT - PUBLIC PREVIEW

This preview reflects the basic Assignment of Consent (AOC) issued by the Universal Law Community Trust to living men and women who wish to assign their conscious consent back to themselves and step out of presumed legal-fiction standing.

By initiating an Assignment of Consent, the living being declares:

- I am a living man / woman, not a legal fiction.
- I withdraw all unrebutted presumptions made against me.
- I assign my consent back to myself, with no party authorised to act without my conscious, knowing, voluntary agreement.
- I do not consent to support war, terrorism, fraud, or coercion in any form, and I unsupport such acts wherever they appear.

This document is a non-certified preview. Upon administrative verification by the Ministry of Remedies, a certified, personalised AOC will be issued to the email address supplied at submission.
